THE LATEST SUCCESSFUL SONG CYCLE

Songs of the Southern Isles

A Cycle of Four Songs

Words by Edward Teschemacher

Music by HERMANN LÖHR

[Keys : Low, Medium and High]

Hermann Löhr, one of the most eminently successful composers of English songs, has written nothing more melodious than these "**Songs of the Southern Isles.**" The reason for his immense popularity is not difficult to find, for it is seldom that a composer who writes so well and so correctly can also make his music attractive to the general public.

The melody of "**Star of the South**" is as natural and ingenuous as a folk-song. "**I Dream of a Garden of Sunshine**" is a beautiful reverie in which the voice part, a simple and tender melody, floats above the piano accompaniment and gives the harmonic picture a golden edge.

"**Cyprian Night Song**" has a tinge of languorous Southern passion. It is tranquil on the surface, but there is longing and an echo of sadness in the heart of the singer.

"**When Spring comes to the Islands**" is redolent of the poetry of May. The rich and rippling accompaniment supplies the accents and the vitality, while the vocal melody wells from the singer like the happy carol of a bird.

The great song-loving public has potent reasons for admiring Hermann Löhr. This new cycle, "**Songs of the Southern Isles**" is one of them.
